

# Your **One** Stop

## **Resource for Motors, Drives & Generators**

**Inventory** Considered the Nation's largest motor and drive inventory with over 2000 stock items .1 to 600HP (both motors and drives). We represent over 15 brands of leading motors and drives generators.

**Easy to do Business with** through immediate price quotes on all types and sizes of motors, drives, generators and controls. We offer test installations with demo units, same day shipment on inventory items and multiple payment methods are accepted.

**Price Guarantee** through no-risk purchase, 30 day price protection to meet or beat any advertised competitor's price or quote for similar product.

**Application Success** is assured through sales and application engineering staff with over 400 years combined experience.

**Optimized Performance** is available through our own, in-house, UL508A certified, custom manufacturing and systems integration division, Motor Drives International (MDI). Enhanced power quality filters and protection systems are custom designed and manufactured by MDI to meet specific project requirements.

**Highest Up-time and Reliability** is available through our CW Silver Industrial Service (CWS) division's years of in-plant and field service. Factory trained and certified CWS technicians and engineers offer 24/7 service with an extensive inventory of spare parts and loaner equipment availability to assure up-time.
