

# Are your *maintenance costs* too high?

## Integrated Predictive Maintenance Services

- Motors
- Turbines
- Pumps
- Fans
- Bearings
- Gearboxes

Call **C.W. Silver** now at **801-366-4100** to start a predictive Maintenance program today!

### C.W. Silver Industrial Services

can integrate a Predictive Maintenance program for you to:

- Keep equipment running as smoothly as possible
- Avoid the risk of premature failure
- Insure a reliability based maintenance program
- Avoid production loss

## The Economic Consequences of an ineffective maintenance program:

- Loss of production
- Catastrophic destruction
- Inefficient manpower planning
- Excess parts inventory
- Insurance carrier's risk assessment
- Quality assurance & control
- Safety

Using this device can greatly improve maintenance
